

INTERLOCKING CARDS *Kit*

by  *Paper Wishes*

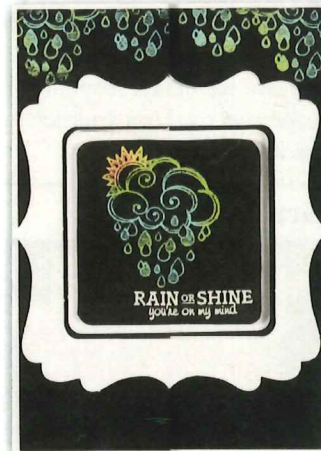

These unique Interlocking Cards come in three styles—Oval, Heart and Frame. See the back of this sheet for step-by-step photos to assemble each card. Note you may have extra shapes left to use on your envelope or inside your card. Here are some ways to decorate these Interlocking cards.

Just a swipe of a silver ink pad on the frame and oval makes a stunning card. "Best Wishes" Dazzles™ and sanded Foiled Fancies™ butterflies complete the design.

Tap a purple ink pad over the scalloped heart frame. Interlocking Dazzles™ were placed on the frame then it was glued to the card front. Cover the smallest heart with paper and glue to the front. Add paper tole as shown.

Glue black cardstock to the card flaps (see below) then use the "Rain or Shine" small stamp on the card front.

PAPER OPTIONS:

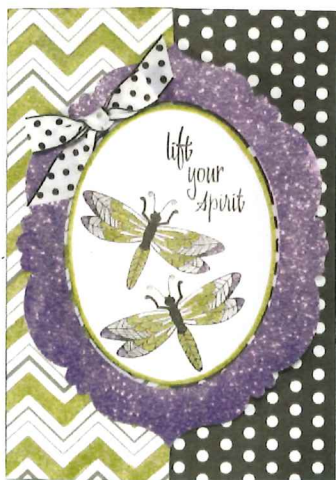

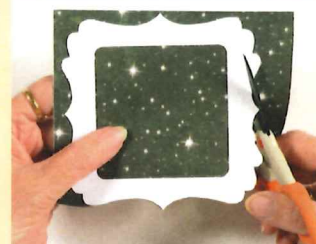

#1 Glue patterned paper or cardstock to each side of your card front as shown. No need to cover the window or oval. Turn the card over to decorate as shown below.

#2 Glue patterned paper or cardstock inside your card.

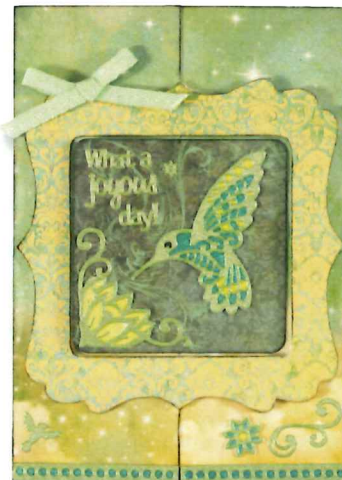

#3 To cover the large oval, heart or frame, place glue on the shape and press your paper on top. Turn the shape over and use scissors or a pen knife to trim away the excess on the outside and the inside. Then glue to your card front as shown below.

Tap the Oval frame with a VersaMark™ ink pad, cover with glitter embossing powder, tap off the excess and return it to the container. Melt the powder with a heat tool then glue to the card front. The Zen Dragonflies were stamped and colored.

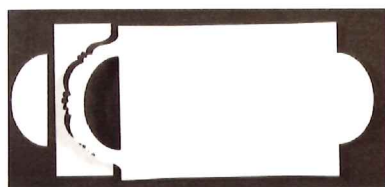

Repeat the steps on the left using a VersaMark™ ink pad and purple embossing powder on the heart frame then glue to your card. Artful Affirmations stamps were used in the heart.

The frame was covered with Floral Fantasy papers (see the step above) and Hummingbird Dazzles™ were placed in the frame.

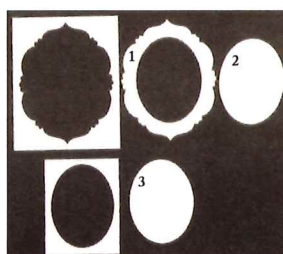

Oval:

1. Place your card as shown. Remove the center from the decorative oval (on your left) making a window.

2. To close the card, slip the inner half-oval (on the right) through the window.

3. Remove the three ovals shown above. (The #2 oval can be used on the inside or envelope.)

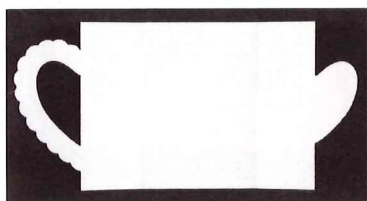

4. Decorate the oval frame, then glue or foam tape it on the card front.

5. Decorate the #3 oval, then glue or foam tape it over the oval on the card front.

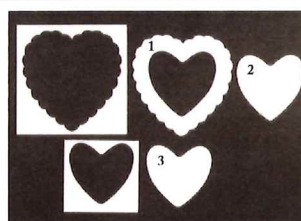

Heart:

1. Place your card as shown. Remove the center from the decorative heart (on your left) making a window.

2. To close the card, slip the inner half-heart (on the right) through the window.

3. Remove the three hearts shown above.

4. Decorate the scalloped heart, then glue or foam tape it on the card front.

5. Decorate the #3 heart, then glue or foam tape it over the heart on the card.

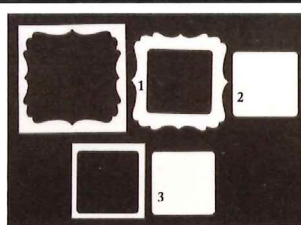

Frame:

1. Place your card as shown. Remove the center from the left frame making a window.

2. To close, slip the inner half-rectangle (on the right) through the window.

3. Remove the three rectangles shown above.

4. Decorate the rectangle frame, then glue or foam tape it on the card.

5. Decorate the #3 rectangle, then glue or foam tape it over the rectangle on the card.

260 Dazzles™ for Interlocking Cards are on four sheets each with a different finish.

Turn the Frame (or Oval) card horizontally and use the brown Dazzles™ as shown. Place the longer Dazzles™ piece on the top of the frame.

For easier placement, the largest heart Dazzles™ are in sections. Here the gold finish is mixed with the silver pearl finish.

The largest oval Dazzles™ are in sections for easier placement. Silver pearl Dazzles™ were placed and filled in with gold and brown Dazzles™.
