

NEW! GLOSSY AND STARSTRUCK FOILS

The foils are lightweight and super easy to fold. The Glossy sheets have gold on the back and the Starstruck sheets are embossed on both sides.

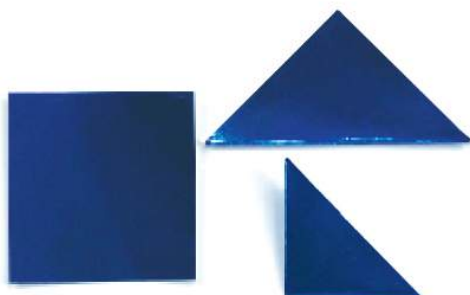

Glossy Foil

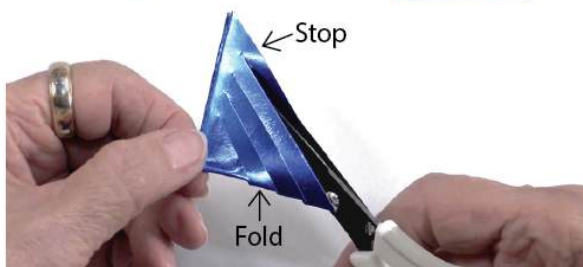

Starstruck Foil

7" WIDE STAR

- 1) Cut a 3" square and fold on the diagonal. Then fold again.

- 2) Place the fold at the bottom. Cut $\frac{1}{4}$ " wide diagonal strips as shown. Stop $\frac{1}{4}$ " from the opposite end.

- 3) Open the piece and overlap the center tips—you can wrap them around a pencil. Attach with small Zots™ or half of a larger Zots.™

- 4) Turn the piece over and attach the next two tips with a Zots.™ Repeat until done.

- 5) Make 5 more and attach the pieces as shown with Zots.™ Cobalt Glossy foil was used here. To make a $14\frac{1}{2}$ " wide star, use 6"x6" foil pieces.

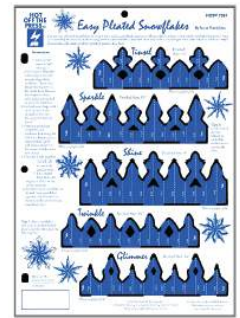

TO MAKE A SNOWFLAKE

This snowflake is 4" wide using Sapphire Startstruck foil. A smaller "Twinkle" Snowflake was made from Silver Starstruck and Zotted™ in place.

Directions are on the Template.
Makes 5 snowflakes.

1) Cut 6½"x5" Sapphire Starstruck foil. Fold in half to be 6½"x2½." Place the fold under the straight bottom of the "Shine" pattern on the template.

2) Draw the top shape and the center shapes using a pen. Remove the template and cut out the **top** shape.

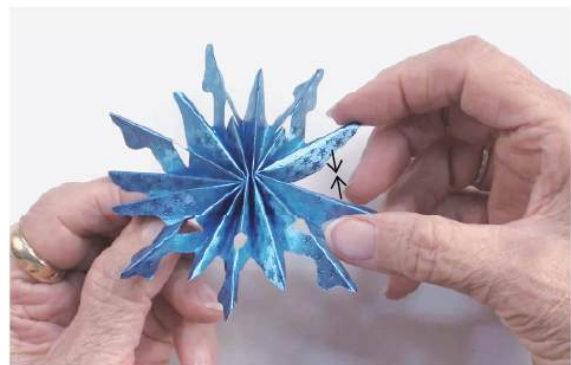

3) Score following the white broken lines on the template.

4) Accordion fold on each score line. That is mountain fold, valley fold, mountain fold, valley fold, etc. Cut out the **center** shapes.

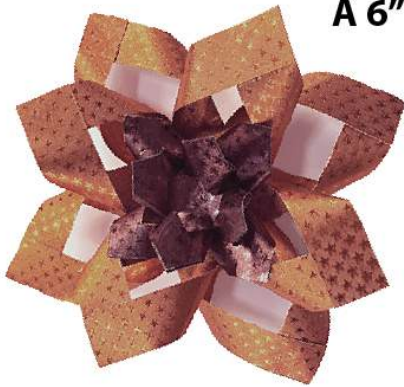

5) Open the piece and refold the accordion folds.

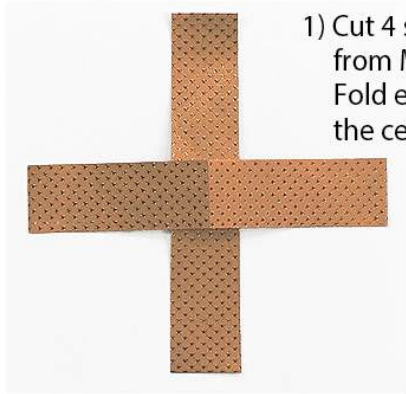

6) Bring the ends together and secure with Zots.™

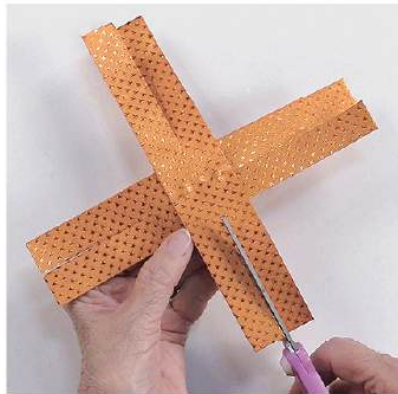

A 6" WIDE FLOWER

Marigold Startstruck and Merlot Startstruck foils were used here.

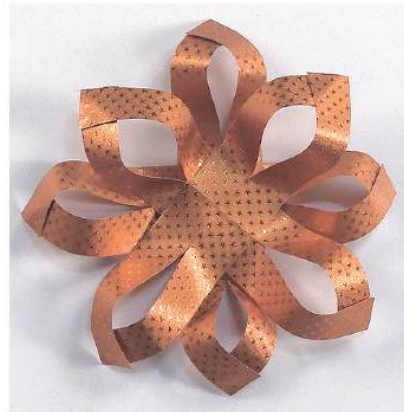

- 1) Cut 4 strips each 1½"x7" from Marigold Starstruck. Fold each in half to show the centers. Cross the strips as shown. Place a Zot™ in the center to attach both strips.

- 2) Cut in the middle of each strip up to where they cross.

- 3) Place a Zot™ on one end and attach the other end as shown. Repeat with all of the pieces.

- 4) Repeat steps 1-3 with the other two pieces. Zot™ both pieces together in the center. Notice the points of the petals face outward.

- 5) Repeat steps 1-4 with four 1"x4" strips from the Merlot Starstruck.

- 6) Zot™ them together in the center.
